Comments on Chapter12 of ATN SARPs

Presented By Masaharu Akimoto

Presented By Naoto Miyauchi

SUMMARY

This paper is comments on the updated versions of Chapter/Appendix 12.
Several parts are mis-matched with current OSI management standards,
so these should be revised.

Item: 1

Clause: 12.2.10

Page: 12-5

Proposed Change:

Replace "Accounting Meter" with "Usage Metering".

Rationale:

The title name of the current International Standard was changed.

Item: 2

Clause: 12.2.11

Page: 12-5

Proposed Change:

Replace "Workload Monitoring Function" with "Metric objects and attributes".

Rationale:

The title name of the current International Standard was changed.

Item: 3

Clause: 12.2.14

Page: 12-6

Proposed Change:

Replace "Confidence and Diagnostic Tests" with "Confidence and Diagnostic Tests Categories".

Rationale:

The title name of the current International Standard was changed.

Item: 4

Clause: 12.2.16

Page: 12-7

Proposed Change:

Delete "12.2.16", and re-number the following sections (12.2.17-20).

Rationale:

The project of "Performance Management Function" was cancelled.
The performance management is realized by using multiple functions (ex. Log Control, Metric objects and attributes,etc.)

Item: 5

Clause: 12.2.18

Page: 12-7

Proposed Change:

Replace "Management Domain Management Function" with
"Management Domain Management Policy Management Function
(ISO/IEC DIS 10164-19)".

Rationale:

The title name of the current International Standard was changed.

Item: 6

Clause: 12.2.19

Page: 12-8

Proposed Change:

Add the document number, "ISO/IEC DIS 10164-17", to the title.

Rationale:

The document number of "Change Over Function" is DIS 10164-17.

Item: 7

Clause: 12.2.20

Page: 12-8

Proposed Change:

Add the document number, "ISO/IEC DIS 10164-18", to the title.

Rationale:

The document number of "Software Management Function" is DIS 10164-18.
