**Status of WG2 VRCIs**

Prepared by: Christine Ricci

Presented by: Jean-Michel Crenais

**SUMMARY**

This document contains a status of all WG2 VRCIs. It contains also a proposal for a new status of these VRCIs when necessary (e.g. when the VRCI has been implemented or resolved by version 3.1 of the Draft Internet SARPs). The VRCIs will be modified on the CENA Validation Archive Server consequently to the decisions that will be made by ATNP-WG2/7 in Brisbane.
