

Aeronautical Telecommunications Network Panel

WG2

Brussels, Belgium
22-26 April, 1996

Guidance Material version 1.2

Summary:

The Guidance Material (version 1.1) has undergone the following changes to create version 1.2:

1. WG2 WP 260 (Proposed Guidance Material for Congestion Avoidance in the ATN Internet) into section 2.13
2. WG2 WP 274 (Proposed Guidance Material) included in section 4.2
3. Text formatting aligned in accordance with WG2 WP 277(style matters)
4. General review for redundant material
5. Inclusion of WG2/8 comments

WG2 discussed WP 278 (Guidance Material version 1.1) and decided on the following future actions:

1. The Guidance Material requires further work before submission to ICAO
2. There is currently no support for a Drafting Group meeting before Munich (June meeting) due to time constraints
3. WG2 members are asked to provide comments on version 1.2 to the editor (C. Pellegrino)
4. Future plans for the Guidance Material will be decided in Munich (June 96).
